PROGRAM

Experts panel discussion on key challenges
in creating and scaling up a high tech startup:

Moderated by: Antonio Ghezzi, Jiulian Giessing & Anna Souakri,
School of Management, Politecnico di Milano

Luca D'Alessandro, Founder of Phononic Vibes
Phononic Vibes introduces a patented technology for the vibration and noise control
and isolation, with a circular economy approach. Spinoff of Politecnico, incubated in
PoliHub. Winner of Switch2Product 2017

Mattia Marino, Founder of Maecenarts
Maecenarts is a multi-sided online art platform that combines an art marketplace
with social media and crowdfunding functions. Maecenarts aims to be a connected
global network of thriving local art communities

Matteo Cunial, Founder of Idroplan
Idroplan is the smart component of an irrigation systems which monitors the most
important parameters of the soil and provides actionable insights based on the
data gathered

Lorenzo Frangi, Founder of Springa
Springa designs and develops innovative autonomous robotic tools for digital
fabrication. With their Goliath CNC robot they have successfully concluded a
crowdfunding campaign. Spinoff of Politecnico, incubated in PoliHub
